We are not a city of angels...

but I can't help

but love you Auckland

**Take a trip through Auckland in a special show
which is part dreamscape, part love song.**

Award winning poet and TED talking sensation,
Grace Taylor, brings her unique spoken word
voice to theatre in this exclusive one-off event.

Accompanied by a pumping soundtrack from
Anonymouz, Grace lights up the stage along
with Taofia Pelesasa (*A Frigate Bird Sings*)
and rising star Gaby Solomona (Best Newcomer
Auckland Theatre Awards) to celebrate
the city's hidden characters - a girl in
blood-red jeans, a bro from the maunga, a
neighbourhood mama, and K-road cruisers.

**In the beating heart of the city,
everybody is somebody's darling.**
